## I (the smartest ordinary human to ever live) will:

1. Everyone will begin stationed at the Quarantine Centre before any maneuvering begins.
2. Load Wolverine into my magnetic/ clown themed boat and transport him across the river to the Interrogation Centre.
  - a. Offload Wolverine
  - b. Return to the Quarantine Centre alone in the boat.
3. Load Deadpool into my magnetic/ clown themed boat and transport him across the river to the Interrogation Centre.
  - a. Offload Deadpool
    - i. Since I am there Deadpool and Wolverine will look at each other with rage but not fight.
    - ii. Load Wolverine BACK into the magnetic boat.
4. Cross the river back to the Quarantine Centre with myself and Wolverine in the boat.
  - a. Offload Wolverine on the shore of the Quarantine Centre. Wolverine would also look at Sabertooth ready to fight. But since they are just misunderstood, they hold hands.
5. Load Sabertooth into the boat.
6. Cross the river back to the Interrogation centre (myself and sabertooth only on my boat)
  - a. *note. I had the Muramasa Blade so he was terrified.*
7. Offload Sabertooth onto the shore of the Interogation centre next to his friend Deadpool.
8. Return to the Quarantine centre on the boat alone.

*At this point - Deadpool and Sabertooth are plotting the downfall of Wolverine on the shore of the interrogation centre. While Wolverine is picking his teeth with his claws on the shore of the quarantine centre.*

9. Load Wolverine into the boat and carry him and myself across the river to the interogation centre.
10. Offload Wolverine onto the shore of the interogation centre.

**All the Mutants were safely transported from the Quarantine Centre to the Interogation Centre.**
